## BARLINA HOUSE PRESCHOOL

Barlina House 815-477-5403  
Administrative Office 815-459-0680

### Mrs. Bator & Mrs. Donna's Tuesday-Friday PM Class

This has been a busy month getting everything done for Mother's Day. The children worked very hard on their gifts for all of their mothers. We hope you enjoyed our play, we know the children enjoyed being crazy monkeys.

It is hard to believe our year is all over. It went by very fast. The children all did a great job. They all changed in so many ways.

We finished our preschool career with being outside as much as possible. We also did a few experiments outside. We made small rocket ships from film containers and set them soaring into the sky.

We used tablets for an upset stomach as our fuel. We also did an experiment with wintergreen life savers and coke. This is another explosive experiment. They enjoyed watching the mess it made.

The Olympic day was great fun. Rain or shine, the children did their best to be good sportsmen. We did relay races, bike races and many other activities. Hope you enjoyed our opening ceremony. Sometimes we get a little silly. That is what preschool is all about, fun.

Keep working with your children over the summer. They will all do very well in the fall. We will miss each and every one of them. They have become our second family. We wish you all a great summer vacation. Enjoy the weather and enjoy your children. Thank you for allowing us to be part of your children's education. We are always here to assist in any way. Don't forget us.

Best Wishes,

Mrs. Bator and Mrs. Donna

### *Humorous Quotes from School*

A few children's quotes from School year 2009-2010 . . .

"Look, there's a wiggly number one in the sky!"  
(Geese in flight)

"Boy, you've got some big DVDs." "That's a tire!" (A record)

"Yes I have stairs in my house, but their inside." (Out of the classroom=outside)

"The little tub makes smoke." (Hot tub)

As a Park District maintenance truck pulled in, a child said, "Look, look, the fixer"

"Up there" (pointing to an airplane) "They're going to the beach"

"I got a HD TV DVD." (but *what* do those letters *really* mean!)

# HAPPY SUMMER TO ALL
