

TREE DONATIONS

Choose from a variety of trees offered below and select its planting location with help from the Park District Grounds Manager. Orders placed before May 15 will be planted in the spring. Orders placed between May 15 and October 15 will be planted in the fall. It is not possible to specify an exact date of planting. If the tree dies within the first year after planting, it will be replaced at no charge. Replacements after one year are optional, and the donor is responsible for the cost. The tree will be the property of the Crystal Lake Park District. **To protect the tree from damage and disease, and to reduce littering, donors may not decorate the tree or leave personal mementos at the planting site. Items placed on or near the tree will be removed and discarded.**

PLAQUES

Plaques are no longer allowed to be placed on or around the tree. Your donation will be recognized with a leaf shaped brass engraving on the Tree of Life in the Administrative Office lobby. You may customize the message on the Tree Order Form. Any plaques placed on or around the tree will be removed and discarded.
